Marketing&Promotion Solution Partner

## Compay Profile

### About us >

We focus on designing, researching and developing, manufacturing and selling Metal display, acrylic display, POP display & Advertising display. We have more than 100 self-developed designs and molds for you to choose. We release at least 10 new products monthly to meet the latest market trends. With our rich experience and considerate services, we have been recognized as a reliable supplier by many international buyers.

### Our work >

we design and develop innovative, functional and designed products related to the world of Metal display, acrylic display, POP display & Advertising display, so much for domestic & international as professional use.

### How do we work? >

our developments and designs are originated by our curiosity and the ideas of our customers. The industrial designers develop the project from the first sketch up to testing the final product.

## Compay Profile

### We love ... >

The originality, to be different, the quality, simple things made perfectly, the colors, updated design, value for money, but we are really proud of getting full satisfaction of client's needs and complying expectations.

### Innovate: our passion >

Producing, designing and delivering innovate and useful products for the 21st Century. We looking for the real needs should cover our products. Previously, we analyze the product and we design from scratch, by combining a proper esthetic and an impeccable technical product.

### To win IDEA >

To Win company guarantees to the clients the broad quality of the products and an immediate service of delivery.

### We are singular >

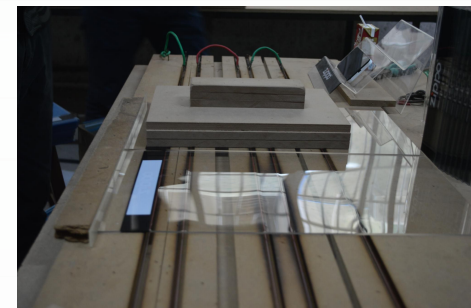

As we are manufacturers, we can custom all our products. We are specialists in products for promotional use to allow our customers promoting their logo or brand.
